# INTERNATIONAL **ELECTROACOUSTIC** EXHIBITION

---

# 2018

A horizontal band with an abstract, flowing purple and white pattern, resembling smoke or liquid movement.

• GENERAL PROGRAM •

## WHAT IS MUSLAB?

**The International Electro-acoustic Music Festival MUSLAB is a project created by the cultural society CAMIN-ART based in Mexico, Argentina, Brazil, Spain, France, the United Kingdom and Portugal.**

**The purpose of this project is to spread electro-acoustic music throughout the world, to open spaces for composers of this kind of music, to show their work in the best possible conditions and suitable spaces for the representation of their works.**

**We are an open forum for new sound art proposals, with and without video which promotes the creation of cultural exchange networks between institutions and artists, we made an international call open to artists of all ages and nationalities to participate by sending their works.**

**MUSLAB has a permanent venue in the Xochimilco's Unit of the Metropolitan Autonomous University of Mexico, is directed by the Composer Pedro Castillo Lara and is supported by different cultural institutions in the world and renowned artists, which with their collaboration makes possible this project.y.**

## MISSION

**Generate Access to specialized education in music and new technologies**  
**Promote thorough art respect to a wide range of cultural expresión and values of coexistence**

## ACHIVEMENTS

**Expert use of new technologies and techniques of composition**  
**Usage of spaces and trajectory to introduce the audience in an ambience that transforms itself and allows to develop more and newer escenic possibilities.**

## CARRIER

**Since 2004 CAMIN-ART and MUSLAB have developed artistic activities in Europe and Latin America and teached courses in different education institutes both sides of the Atlantic**

**Furthermore, it's music encompass different instrumental and electronic media formations.**
